Oil marinades

Fine marinades, built on a creamy oil base in which all the spices and aromas are suspended. This makes them very easy to process, they stick well to meat or vegetables and provide an excellent shine in the counter.

Emulsion marinades

Emulsion marinades are a combination of water- and oil-loving ingredients. This allows a wide range of aromas and flavours to be introduced as well as vegetable and fruit preparations to be added. Finely emulsified, they give the meat a creamy, velvety, shiny surface.

LIQUID SPICE - The revolution of marinating

Liquid Spice is ideal for the optimal refinement of premium meat. Through Liquid Spice gives the meat an attractive glossy appearance and an excellent taste with the highest yield. We recommend adding only 50 grams to one kilogram of meat. For fish and vegetables, the amount of marinade added is even lower.

Abbreviations & symbols

ABBREVIATIONS:

- OKZ** | without additives
subject to labelling
- oG** | without glutamate
- CL** | Clean Label
- CLA** | Clean Label allergen
- GF** | gluten-free
- GTF** | gluten-free

SYMBOLS:

-  **Topselling Product**
-  **Certified organic product**

List of additives

Food additives are substances that are added to food for technological reasons. Other substances are equated with the additives. The additives used in our products are listed below.

Flavour profile ENHANCERS

E621 | Natrium glutamate

ACIDITY REGULATOR

E262 | Natrium acetate

E330 | Citric acid

EMULSIFIER

E322 | Lecithin

E472e | Diacetyl tartaric acid

COLOURANT

E150c | Ammonia

E160b | Annatto

E160c | Paprika extract

STABILISER

E331 | Sodium citrate

PRESERVATIVE

E202 | Potassium sorbate

E211 | Sodium benzoate

E260 | Acetic acid

E392 | Rosemary extract

HUMECTANT

E420 | Sorbitol

ANTI OXIDANT

E300 | Ascorbic acid

E301 | Sodium ascorbate

THICKENER

E412 | Guar meal

E415 | Xanthane

MOGUNTIA FOOD GROUP

Flavoursome solutions since 1903
